

Whole scene of the exterior 建筑全景图

Boulogne Billancourt

The first building within the Trapeze masterplan at Boulogne Billancourt, in the southeast of Paris, this seven-storey office development occupies a prime position within the mixed-use development. The building has an expressed white concrete structure, with a steel and glass façade. It is divided between two volumes, connected by a glazed, full-height atrium containing a café and two restaurants for staff. This dynamic space incorporates panoramic lifts and suspended walkways, which appear to float at double-height intervals to allow uninterrupted views out to the river or the park. Above the entrance, giant translucent brise-soleils filter daylight down into the atrium, while a wave-formed geometric façade on the east and west elevations comprise curved vertical panels of alternate translucent and fritted glass.

A rooftop pavilion to the east and the expansive south-facing balconies are accessible from the office floors and take advantage of the riverside location. The 22,000 square metres of interior floor space provides a mixture of cellular and open-plan configurations. The internal arrangement is flexible – the floor plates can be split either vertically or horizontally to accommodate multiple tenants. A fringe of shops enlivens the ground level and the boulevard between the river and the building has been landscaped to provide a waterside promenade.

布洛涅·比扬古办公楼

这座七层高的办公建筑是巴黎南部布洛涅·比扬古地区总体规划所建造的第一座建筑。建筑采用了明快的白色混凝土结构和钢铁玻璃复合外墙。建筑分为两个部分，中间由一个玻璃中庭相连，中庭里是咖啡厅和两间员工餐厅。这个充满活力的空间里将观景电梯和悬浮走道融合在一起。人们可以在每隔两层就出现的悬浮走道上俯瞰河流和公园的全景。建筑入口上方巨大的半透明遮阳帘过滤了射向中庭的阳光，东西侧的波纹型外墙则采用了由半透明和多孔玻璃组成的弯曲垂直面板。

从办公区可以直接前往东面的屋顶凉亭和朝南的阳台。22,000平方米的室内面积被设计成灵活的开放式布局，楼板可以根据不同租户的需求在水平和垂直方向进行调整。一楼的一圈店铺让空间充满了生气；建筑和河流之间的林荫道被美化成为了滨水人行道。
