

# CHENGDU BAOLY CENTER

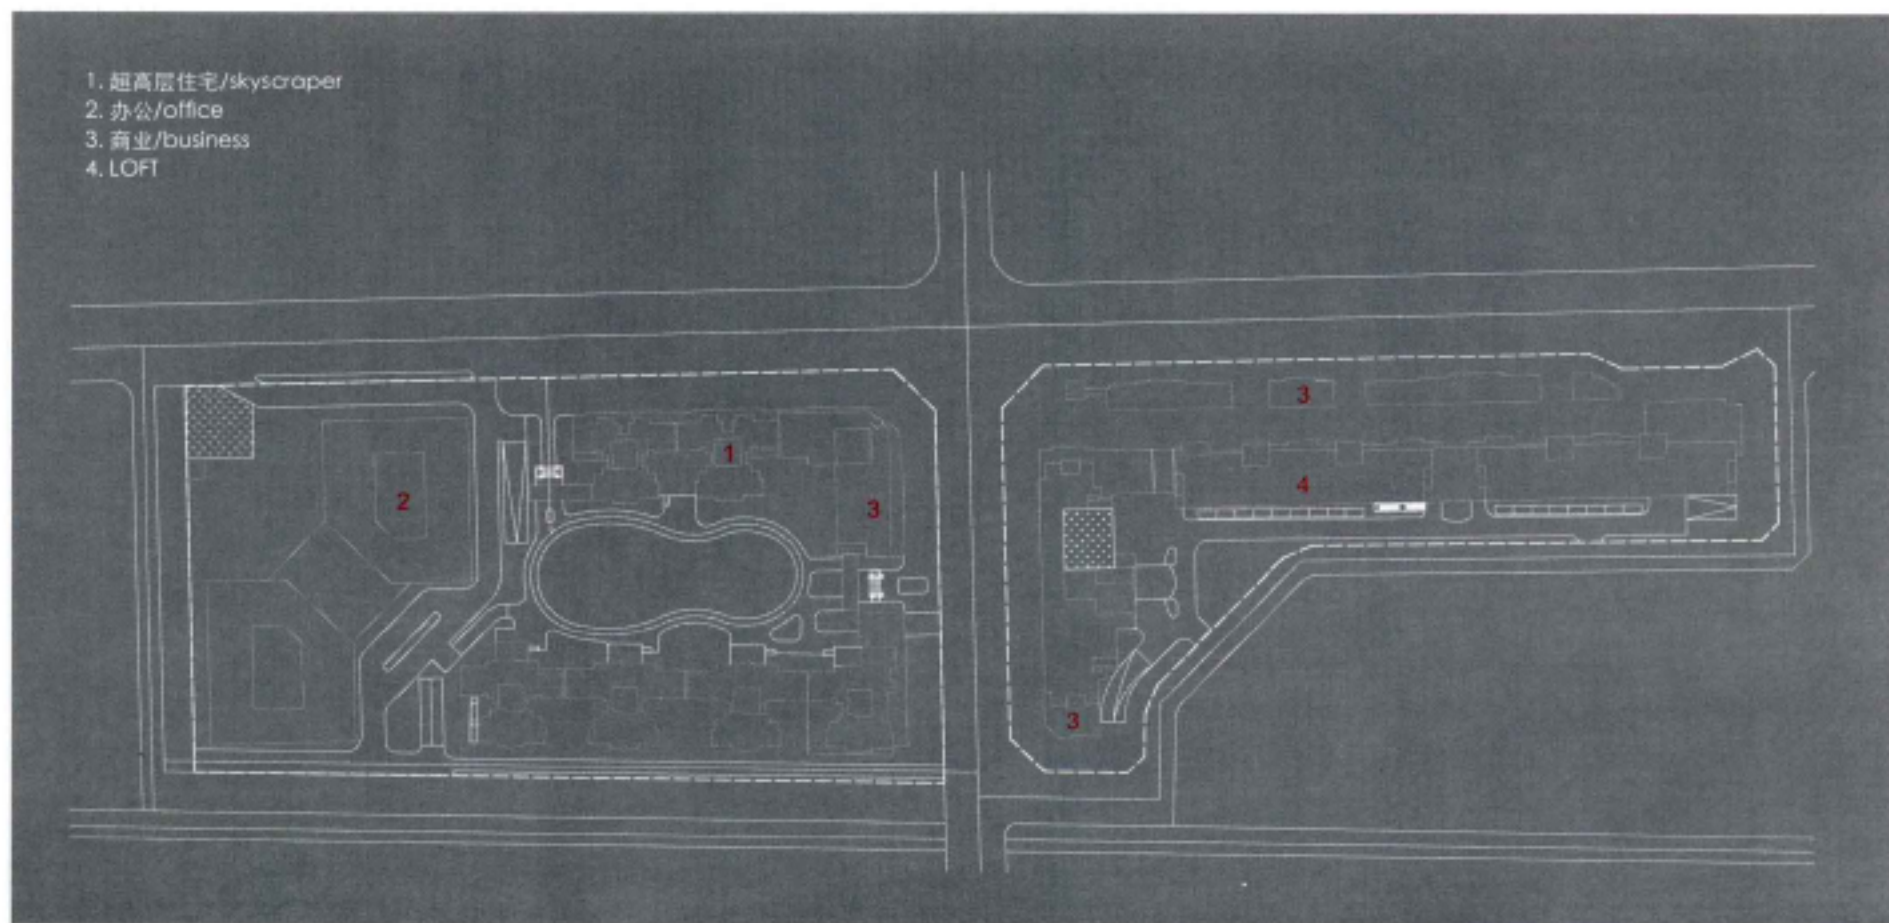

## 成都保利中心

用地面积	建筑面积	设计时间	建筑类型
4.3682万平方米	37.77万平方米	2010年8月	办公及商业综合体

本次规划的基地位于成都市中心黄金地段，美国领事馆以东。地块分为东西两部分。西地块以商业、办公和住宅为主，东地块以商业和Loft为主，容积率达到8.0。设计打造保利在成都市中心最高端的，集超高层住宅与高端商业、办公等多种功能为一体的城市综合体项目。

The planning site is located at a golden location at the urban center of Chengdu city and at the east of American Consulate. The site is divided into each and west parts, among which the west part is mainly designed with commercial, business and residential buildings, while the east part is mainly planned with commercial building and Loft building, reaching a plot ratio as high as 8.0. Design concept of this project is to create the best high-end urban complex integrating super-high residential building, high-end commerce and offices at the urban center of Chengdu.
