Sungkyunkwan University's Samsung Library

A resource centre where people can retrieve information systematically is an essential goal that the designers bear in mind for this information centre. The theme named the "Digital Library" has been the most basic concept to apply in this design. The Sungkyunkwan University's Samsung Library has an image of a ginkgo leaf, which is the symbol of Sungkyunkwan University as well as an image of an opened book. The Digital Library which has been embodied with transparent and metallic materials is set to reorganise the context of the campus as a hub of information exchange in the heart of the campus.

The centre is a multi-functional facility providing conventions and resting areas. The inner round-shaped void creates a hall, allowing sunlight to flow inside. Group study rooms are freely dispersed near the hall, creating dynamic rhythms. Besides, free community zones are a new type of multi-functional place, and are far different from the quiet and closed typical studying rooms. The Sungkyunkwan University Samsung Library represents a new type of library that is appropriate for the digital era where students can study while socialising with friends, surfing the internet, listening to music and drinking coffee.

成均馆大学三星图书馆

在设计这个信息中心的过程中，设计师的基本目标是向人们提供一个可以系统检索信息的资源中心。“数字图书馆”是设计的基本理念。成均馆大学三星图书馆的造型像一片银杏树叶（成均馆大学的标志），又像一本打开的书。这个数字图书馆外部采用了透明的玻璃和金属材料，坐落在校园中心，是大学的信息交换中心。

图书馆是一个多功能设施，内部还提供会议和休息空间。室内圆形的区域形成了一个日光充足的大厅。小组研究室自由地分散在大厅的四周，产生了一种韵律感。而且，自由团体讨论区也是一个新型的多功能区域，与传统的封闭而安静的自习室大相径庭。成均馆大学三星图书馆展现了一个适应数字化时代的新型图书馆，在这里，学生可以在学习的同时交友、上网、听音乐，甚至是享用咖啡。
