辽宁省文化广场位于沈阳市新规划的浑南新城中心区域。规划将图书馆、科技馆、博物馆、档案馆四馆围绕公共性市民广场统一布局，并以“绿色魔毯”理念，通过提升、下沉、分割、覆盖等手法，将四馆融为一体，有效提高广场的群众参与性，建筑设计引入参数化技术及GRFC等新材料，营造出具有浓郁时代感的生态型城市文化景观广场。

Liaoning Culture Plaza is located at the central area of newly-planned Hunnan New Town in Shenyang City. The planning scheme uniformly sets the four pavilions, including library, scientific and technological pavilion, museum and archives, around a public square and, based on the concept of "green magic carpet", integrates the four pavilions through lifting, sinking, partition and covering measures, so as to effectively improve people's experiences on the square. Parametrization technique and GRFC new material are introduced into architectural design to create ecological urban cultural landscape square with modern features.
