

SHENYANG QIPANSHAN NATIONAL CONFERENCE CENTER

沈阳棋盘山国家会议中心

用地面积 建筑面积 设计时间 建筑类型
36 611.6平方米 34 850平方米 2011年1月 会议中心

项目位于棋盘山风景区内，处于沈阳市东北部。西、南为沈阳市城区，距沈阳市中心约20千米。

整体布局利用优越的区域环境，将山水建筑融为一体，打造“自然、生态、健康、休闲的”国家级会议接待中心。造型汲取中国古典建筑的元素及其比例，承载关于中式汉唐的记忆。汉唐文化的大气与厚重通过方正的造型母题、沉静的色调、舒展平远的屋顶及细部精巧的线条呈现，渗透着汉唐宫殿的气魄，宏伟而优雅。沿着自然与历史的轨迹将汉唐开放的社会意识融入其中，并将这种气质与功能完美结合，力求实现一种梦归唐朝的特殊氛围。

Qipanshan National Conference Center, located in Qipan Mountain Resort at northeastern part of Shenyang City, faces the downtown area of Shenyang at west and south and is about 20km far from the urban center...

The general layout utilizes the advantageous context environment to integrate the building into mountain environment and waterscape, successfully creating a national conference reception center focusing on natural, ecological, healthy and recreational characteristics. Building shape makes references to Chinese ancient architectural elements and proportion, recalling people's memory of Chinese architectural culture of Han and Tang Dynasties. The cultures of Han and Tang Dynasties are generous and profound, showing palatial and elegant features of royal buildings through regularly square shape, peaceful color, smooth roof and delicate details. The open social consciousness of Han and Tang Dynasties is infused into building according to natural and historical conditions, the elegant appearance is perfectly integrated with architectural functions to reproduce a special atmosphere of dreaming in ancient dynasties.
